# MINI SECURITY CAGES

T1A WILL PROVIDE THE FOLLOWING

- Mini security cage – weight 50 kg (W72 x D80 x H98 cm)

- Recycled paper for wrapping

- Strips for locking

- Black plastic cover for wrapping

⚠️ Maximum weight capacity is 250 kg

HOW TO PACK

⚠️
Batteries MUST be contained inside the machines when transported.
Swollen or non-functioning batteries are not allowed to be part of the shipment.
Please remove before shipping.

Laptops and desktops <u>must</u> be packed as shown.

<u>NOTE:</u> Make sure the heaviest equipment is packed at the bottom. All printers and desktops should be placed on the bottom shelf.

The recycled paper should be placed in the peripheral areas in order to protect the devices during transportation.

PACKING PERIPHERALS

PERIPHERALS COULD BE:

| Cables | Docking stations | Network equipment | Keyboard, mice etc. |

⚠️

Tier1Asset does not provide boxes for peripherals. These and other packing material can be requested.

Place the peripherals in boxes as shown.

NOTE: The peripherals must be sorted and packed separately.

LOCKING THE CAGE

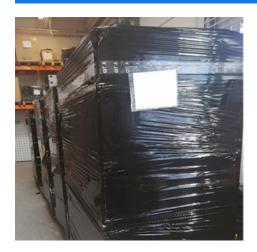

MAKE SURE:

- Not to overload the cage
- There is no free space between the devices.
- The equipment stays stable.
- To lock the cage with the supplied strip.

NOTE: Please do not open or remove the blue plastic pocket.

PREPARE CAGE FOR SHIPPING

Isolate the cage with the black protective cover .

Attach the KO-number and the UN3481 Caution sign on all sides.
